CHARGES COPS SPRUNG TRAP

Kathleen Cleaver, weary but somehow tireless, came to the BARB offices Wednesday night to talk about the latest police attack on the Black Panthers, in which young Bobby Hutton was gunned down and her husband was yanked off to prison.

She made it clear that each attempt by police to chop down the Panthers' leadership has only made their black liberation movement grow larger and more determined.

"The support we've received for Eldridge Cleaver is tenfold what we received when Huey Newton was shot, and we thought that support

He emerged, his hands in the air, from a burning tear-gassed basement where eight of his Black Panther brothers were still holed up. He stepped into the bright searchlight. Oakland police shot him dead.

What we want
What we believe

1. We want freedom. We want power to determine the destiny of our Black Community.
2. We want full employment for our people.
3. We want an end to the robbery by the white man of our Black Community.
4. We want decent housing, fit for shelter of human beings.
5. We want education for our people that exposes the true nature of the decadent American society. We want education that teaches us our true history and our role in the present-day society.
6. We want all black men to be exempt from military service.
7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.
8. We want freedom for all black men held in federal, state, county and city prisons and jails.
9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.
10. We want land, bread, housing, education, clothing, justice, and peace. And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

SICKLE CELL + BLACK HISTORY

@SickleCell101

THE BLACK PANTHER PARTY

In 1971, the Black Panther Party established the Sickle Cell Anemia Research Foundation with efforts to eradicate the disease. Along with educational and medical campaigning, the Black Panther Party also did community screening for Sickle Cell Disease and trait.

The free breakfast for school children has now covered the country. This program was created because the Black Panther Party understands that children need a nourishing breakfast every morning.

The thing needed now for the program is donations:

TIME AND A CAR
to transport donated food

MONEY
to help keep the program going

FOOD
of all kinds from perishables to canned goods

For further information about the program or contributions, call the Black Panther Party at 233-1470 or call Coline at 286-6574.

The Black Panther Party Peoples' Free Health Center

Huey P. Newton, Minister of Defense of the Black Panther Party, has said that the Party must engage in activities that will teach the people. This very important statement refers to the fact that everything the Black Panther Party engages in should serve to educate people to the conditions and how to change those conditions.

Black people's history in this country has been a long, endless struggle against abuses, murders and the systematic denial of our human rights. This government has refused Black people the basic freedoms and rights that all human beings are entitled to: nourishing food, decent housing, adequate clothing, and most of all the right to the best that human knowledge and technology are able to produce.

That is to say, since America can put a man on the moon, America can certainly feed all of its people. Doctors can transplant hearts, kidneys and other vital organs; however, there are people dying in the Black community from tetanus and other simple, curable diseases.

Panther Wayne Thomas, helping Mrs. Mack, mother of Frank Lynch, down the stairs of the trailer.

If we examine the medical facilities in any Black community, it is plain to see that these facilities leave much to be desired. Understaffed hospitals, undertrained staffs, overcrowded wards, and underequipped medical teams are found throughout the Black community. All of the medical abuses perpetrated against Black people are done under the guise of "serving the people." In reality, the racist doctors and medical personnel could care less about the lives of the Black people.

In response to the growing need for medical attention in the Black community, the Boston Chapter of the Black Panther Party has opened the People's Free Health Center. The Health Center is located at Ruggles and Tremont, on part of the land to be used for the new super highway. As part of Operation Stop, sponsored by the Boston Black United Front, to prevent the building of the highway, the Free

Mrs. Mack, presenting picture of her son, Frank Lynch, shot down by a racist pig while a patient at Boston City Hospital at opening of Peoples Free Health Center.

Health Center shows that this land truly belongs to the people; therefore, it should be used in the interests of the people. A highway cutting through the Black community will mean air pollution, increased accidents, housing shortages, and excessive noise. The Free Health Center occupies this land illegally according to the law, but we feel that the people's authorization is the only authorization necessary.

The Free Health Center will open, initially, only four times a week. As more people become involved, the Center will open twenty-four hours a day. Presently, opening hours are on Saturday and Sunday from 2-6 pm and Tuesdays and Thursdays from 7-11 pm. Community volunteers are needed to act as people's advocates, drivers, security to assist doctors and nurses, and to help implement health campaigns. Classes are available for people to learn first aid and to train as lab technicians. Black doctors and other medically skilled people are needed in particular.

Services provided will be similar to those of a family doctor, including immunization, tests for diseases, emergency first aid, but most important of all, health education. High morality rates from common illnesses and diseases in Black communities and other poor communities are completely preventable and curable if people are educated to their dangers.

INSIDE OF PEOPLES FREE HEALTH CENTER

The present health care system is not aimed at alleviating the health problems of the people. Priority is given to making money rather than to serving the needs of the people. The People's Free Health Center is an alternative to show the power of the people in dealing with a specific problem. The success of the Free Health Center depends on the People's Support.

LUCHA ANEMIA CELULAR DE HOZ

IN UNITY, THERE IS SURVIVAL

In 1966, an organization was formed by two men, Huey P. Newton and Bobby Seale, with the idea of relieving the ills that Black people had faced for centuries before. It was one year after Watts. The Black Panther Party (then, for Self Defense) was founded to organize a united effort on the part of Black people to eliminate the ills Black and other oppressed people suffer, to combat Black genocide and bring about Black liberation. The fundamental program of this new organization was to promote the achievement of all our human rights, including the right to defend ourselves against any threat to the actual achievement of those rights. This original dream was designed to provide the people with a "lifeline", serving their basic needs and desires. This aim, as Huey P. Newton, Leader of the Black Panther Party and Servant of the People, has said "...was structured by the practical needs of the people, and its dreamers were armed with an ideology which provided a systematic method of analysis of how best to meet those needs."

In those years since, many lessons have been learned, most the hard way. There have been the deaths, of Party members, of too many more of our people; there have been defections from the Party; there has been a defection of the Party from the people, the Black community, from the original vision. We left behind our goal, which had been, from the beginning, to put together a practical program for our survival and to guarantee our right to life, manifested in the right to eat, have decent clothing and housing, etc.

Having come away from arrogance, cultism, we have returned to our original aims, producing what we call the Survival Programs, the practical programs that serve the survival needs of the people. It is a return and a new beginning. With this new thrust came the mass exposure of the deadly blood disease, 98% of whose victims are Black, Sickle Cell Anemia, and the free screening for Sickle Cell Anemia of over 45,000 people; the more than 35,000 free bags of groceries given away; thousands of pairs of free shoes and outfits of clothing; the hundreds of families bussed free to their loved ones in the prisons.

The upcoming Black Community Survival Conference begins a new stage, developing further this original vision, in concrete terms, with 10,000 more free bags of food, thousands more Sickle Cell Anemia tests and a major thrust toward uniting the Black vote, through a massive voter registration campaign. The People and our Party have grown to this point, to unite for our survival and complete liberation.

GUERRILLA WAR IN THE U.S.A.

Map reprinted from *SCANLAN'S*

EDITORIAL

That there is a new wave of urban guerillas carrying out acts of "armed propaganda" inside the confines of this imperialist, fascist, racist decadent community called the United States, cannot be disputed.

Whether their ideologies or motivations differ, the techniques and the ultimate goal of destruction of the system is consistent.

Guerilla war is a radically different political reality from anything the United States has experienced. It would be incorrect for it to be misunderstood either by those who would wish to crush it and thereby attempt to curb the inevitable tide of revolution, or by those who would attempt reasonably to cope with it as a passing phase.

It is not unusual, or rather, it is in the interests of the oppressor, to deny the success, much less the reality to a guerilla movement opposing it. Batista, for example, spread continual rumors that Castro was smashed to smithereens when he wasn't; reports of Che Guevara's death in Bolivia were greatly exaggerated at least a dozen times before the C.I.A. could deliver a corpse to match the story; defeat of the Vietnamese has been reported daily, when in fact they have won the war and reports of the decline of the Black Panther Party has been Community News, when in fact our ranks and support is at its highest peak.

In order to keep the people in the communities of the U.S.A. in a perpetual state of confusion, emphasis is placed on the atrocities abroad and the true perpetrators of these atrocities, the U.S. imperialists, manage to hide under the covers and demean the significance of the present occurrences.

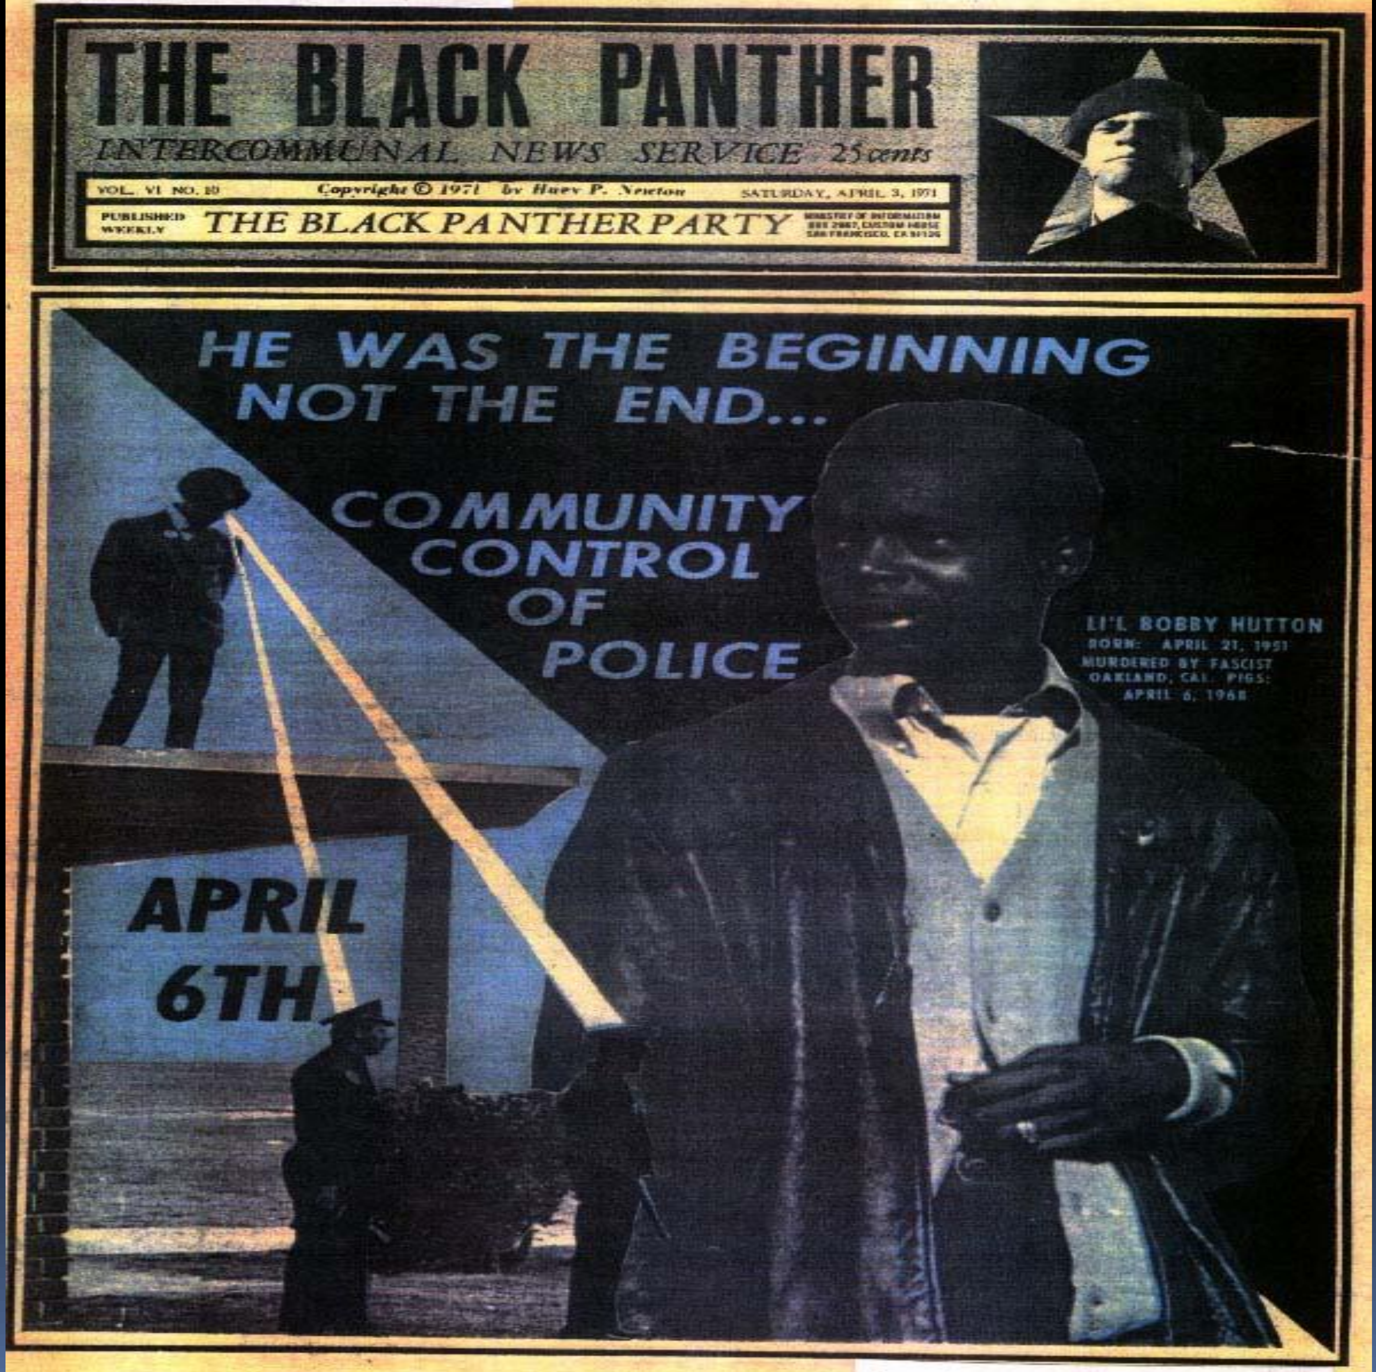

It is now getting to the point where it will not require the services of a computer to project a full scale civil war resulting from the rapidly multiplying attacks of sabotage and guerilla tactics. During March 1970 there were 62 guerilla actions against targets in 17 states. Each target was symbolic.

The administration has found it necessary to define these freedom fighters and their actions by descriptive labels such as "disrupters", "a small minority", "destructive activists", "small bands of destructionists", "acts of viciousness", "blackmail and terror", "assaults which terrorize" and everything else except the true fact that the people are rising up in anger.

With all the resources at the hands of the F.B.I., the C.I.A. and various other agencies the revolutionary spirit of the people cannot be crushed. The Pentagon Counter Intelligence Analysis Division has a subversive data bank with 1.5 million names. The Secret Service has indices of 100,000 radical names and extensive dossiers on 50,000 revolutionaries presumed to be dangerous, this includes fingerprint files, police records, medical and psy-

Black Panther Party of Australia - Brisbane Chapter

MANIFESTO NUMBER TWO

Released in conjunction with the Orientation Week (Feb.-March) on all Universities throughout Australia.

The Black Panther Party of Australia - Brisbane Chapter has only been in existence for a little over one month & already there has been a great deal of publicity around it. This has been mainly because the press has chosen to sensationalise the policy of the Party pertaining to self-defense of the Black Community.

The main aspect of this policy of course is the fact that we advocate that if any section of the community is allowed to carry guns in the streets, then all people should be allowed to arm themselves for their own self-defense. Some say this is placing too much power in a persons hands. We say that the pigs have a legal right to carry guns & (that from our experience) those pigs have gone beyond their legal right, not on isolated occassions, when dealing with the people from the Black Community, but on almost every occassion. To date, little or nothing has been done to ensure that the pigs do not abuse the legal rights of the Black People.

Our legal rights are being abused daily by the pigs. The threat of intimidation, both armed & otherwise(batons) is always evident when pigs are dealing with Black People. Black People have no defense against this threat whatsoever. Therefore if the pigs are not forced to respect our legal rights then we advocate that we be allowed to arm ourselves in the street for our own security. We wish to arm ourselves to defend ourselves & the Black Community against the naked undisguised aggressive violence of the exploitationists system & the fascist pigs who are armed & payed to protect it.

We do not advocate anymore than this & we believe this is a just demand. We do not incite people to arm themselves outsde of the law, but we do point out that there are laws prohibiting people carrying guns, while the pigs are paid & protected to do so. This then is a denial of yours our human rights.

We do not advocate any terrorist activity such as 'death lists' & 'bombings' because we believe our demands are just. Any action carried out by us must be justified. Therefore we will continue to carry out our actions in full view of the people. <u>It is the pigs that carry out the violent acts of aggression against us in the security of a darkened street or behind the security of the locked doors of the concentration camps.</u>

The press has chosen to play up the violence advocated by us, not as a self defense measure, but supposedly as aggressive acts. We deny that any acts of aggressive violence are advocated by us.

DEATH TO THE FASCIST PIGS!

TO OUR BLACK BROTHERS IN PRISON BLACK PANTHER PARTY U.S.A.

A man's got a right to be free
He can't be caged up like a dog
And not strike out in agony
I just can't take no more--it's
wrong for them to chain me
like this
My mind won't rest in this cage
I've got to try, I just gotta
take the risk
It's either resist, or let this
anger turn to rage
And then I'll be to blind to
think
I'll be too hung up to fight
How much lower must I sink
Before I begin to do what's
right
I'd rather be dead in my grave,
than live this life as a slave
A captured man, I'll never be
There's nothing left, but to be
free
These bars are sho' nuff cold!
But they ain't got nothing on
these pigs
They not only murder but they
plenty bold!
They beat brothers every hour
on the hour
They chain you to the bars and
spit in your face
They got mo' nerve than the
Lord will allow!
If they look at me wrong today
I'm gonna lay 'em to waste!
A man's got a right to be free
They can't expect me to live
like this
I'd rather be dead and in my
grave, than live this life as
a slave
A captured man, I'll never be
There's nothing left, but to be
free!
They killed my cellmate just
last night
We've gotta stop this jive time
game
We can do it, all there is, is
a big bad fight
They think because we're
caged we're all tame
But they'll find out in a day or
so
I know I can't take this trap no
more
The walls are too close, the
windows too small
But if we take the warden we'll
get through the door
I'd rather be dead and in my
grave, than live this life as
a slave
There's nothing left but to die
FREE!
